

LIFESAVING SOCIETY®

The Lifeguarding Experts

RECEIVED

JUN 16 2014

Central Coast Regional District

June 6, 2014

Dear Darla Blake,

Thank you for your recent application for funding for the Swim to Survive School Grant Program. We are pleased to confirm a grant in the amount of \$380.00 allowing you and your staff to begin to provide lifesaving skills to prevent drowning and water-related injury.

Based your application, we recognize you as the Swim to Survive Administrator and have enclosed an *Action Steps* document to assist in guiding you through the process. If you are not the primary contact, please let us know who will be taking on this role.

As we near the start date of your program, Facility Kits and Teacher Kits will be distributed directly to each participating school and aquatic facility. These kits contain all of the information, supplies and other resources needed to ensure a successful Swim to Survive School Program.

Additionally, we will be sending you a media kit to assist in promoting Swim to Survive in your community. When you are ready to begin your sessions we would like to collaborate with you on a local press release to promote the program and recognize the financial assistance of the Province of British Columbia, the RBC Foundation and the Recreation Foundation of British Columbia.

**Items of Note:**

- This amount is based on your application projection of training 38 students at \$10.00 per student. If the projected participation is lower than anticipated, the grant amount will be reduced accordingly.
- If the full amount of the grant is not expended in the projected time frame, the remainder can be used to train additional students within twelve months from the date of this letter.
- As noted in the Grant Information Info document, grant money is paid after completion of your program and once the Society has received worksheets completed and signed by instructors and a completed Grant Reimbursement Report signed by the Swim to Survive Administrator.
- If you choose not to use the grant funding, please notify us so we can release the funds to other applicants.

We would like to take this opportunity to thank you for implementing the Swim to Survive program in your community. With your involvement, we are helping to ensure that every Grade 3 child can learn basic survival skills and knowledge through the Swim to Survive standard.

Sincerely,

Dale Miller  
Executive Director

Krystyna Domes  
Swim to Survive  
Coordinator
