

CENTRAL COAST REGIONAL DISTRICT

TO: Darla Blake, Chief Administrative Officer
 FROM: Cheryl Waugh, Transportation Services Coordinator
 DATE: May 1, 2014
 SUBJECT: Transportation Services Report-Bella Coola & Denny Island Airports

Recommendation: That the Transportation Services Report dated May 1, 2014 be received.

Bella Coola Airport

West End Trees/Airport Development Funding Update

Work began in earnest on April 12th with selective tree falling and continued with clear cutting until all of Phase I was completed. Another survey will be undertaken to confirm compliance with Transport Canada's regulations for Bella Coola Airport's declared Obstacle Limitation Surfaces. Felled trees will be piled and burned this fall pending success of a funding application.

Transport Canada

Work continues to conclude the Corrective Action Plans to remedy items cited during the Transport Canada Program Validation Inspection of October 2013.

Miscellaneous

- East door lock was malfunctioning but appears to be working again
- Call received from a pilot planning a stop-over asking for the local ATF (Aerodrome Traffic Frequency) and other general questions
- A request has been received to install two *iPad* touch-kiosks in the terminal building promoting local tours, attractions, accommodations and services. These would be self-serve devices for the travelling public's information. Further details will be forthcoming.

Denny Island Airport

The Denny Island Airport Commission did not meet in the last month but is working towards obtaining contractor prices for their 2014 projects. A contract to construct one outhouse was awarded to Yuri Krajewsky and maintenance brushing is currently being advertised for interest.
