

CENTRAL COAST REGIONAL DISTRICT

TO: Darla Blake, Chief Administrative Officer
FROM: Cheryl Waugh, Transportation Services Coordinator
SUBJECT: Transportation Services Report – July 31, 2013

Recommendations:

That the Transportation Services Report dated July 31, 2013 be received.

Bella Coola Airport

Long-term vehicle parking

We received an inquiry asking permission to park a pickup truck at the airport for several months. Although I am not aware of any infraction some of the risks were discussed to assist the owner with his decision-making. I made it clear that we neither approved nor disapproved and asked that he be courteous and park it away from the high use area of the parking lot, should he decide to leave it there and to also let the Pacific Coastal staff know.

Lease Lots

Further documentation is required to finalize the lease agreement for Lot 12 and the effective date has been adjusted to begin August 1, 2013.

Environment Canada is interested in locating leasable land for the installation of a weather station. Representatives attended the CCRD office to discuss the criteria and possibilities available at the airport. Further research will be done and any opportunities communicated to them. Installation is scheduled for 2014.

Furnace

Due to the heating troubles experienced last winter on the upper level of the terminal building we have ensured we are on a service list of a company from Williams Lake with expertise in oil furnaces. They don't know when they will be in the valley but will investigate our concerns on their next road trip.

Denny Island Airport

The Denny Island Airport Commission did not meet in July.
