POLICIES

A-12 - Pool Closure Due to Inclement Weather

Preamble: Due to minimum staff and low attendance in inclement weather, it would be cost effective and practical to close the pool to the public ~~is sufficient notice is given and~~ if the weather is uncomfortable for swimming.

Policy: That the Centennial Pool may be closed to the public ~~from~~ at 12:00 pm if conditions warrant.

The ~~Aquatic Supervisor~~ Pool Manager has the authority to close the pool provided that the following is adhered to:

1. The Pool Manager has the authority to close the pool, but will send a courtesy e-mail to the commission members and the CCRD office. ~~Aquatic Supervisor must notify a member of the Pool Commission and obtain his or her consent~~
2. ~~As a matter of courtesy, and upon receiving the approval of a commissioner, the supervisor will inform the CCRD office of the decision to close the pool~~
3. 2. Notice of Closure will be posted in a conspicuous location at the pool and will include apologies to the public for any inconvenience
4. 3. It is understood that pool employees will not be compensated for periods of closure when they are not in attendance at the pool.

Date: August 09, 1994
Proposed amendment: November 14, 2013

Rationale: To reflect the change from Aquatic Supervisor to Pool Manager and to make the authority to close the pool at the discretion of the Pool Manager. This is a more timely way of dealing with pool closures.
